Introduction

Vashudevan Met Global LLP is a globally connected metal scrap trading company headquartered in Surat, Gujarat, India. We operate across major international markets including Asia, Europe, North America, South America, the Middle East and Africa. Our core expertise lies in sourcing, processing and delivering a wide range of **non-ferrous and ferrous metal scrap** that meets internationally accepted quality and compliance standards.

Over the years, we have built a strong network of verified yards, processors, recyclers and logistics partners. This network allows us to manage the entire supply chain with precision, covering material procurement, quality inspection, documentation, international shipping, trade finance coordination and risk management. Our partners rely on us for consistent quality, dependable service and a smooth, transparent trading experience.

At Vashudevan Met Global LLP, we believe in long-term relationships built on trust, integrity and accountability. Our approach is rooted in understanding the needs of both suppliers and buyers and ensuring that every transaction adds value to their business.

Metal recycling is not only our business but also our contribution to a more sustainable world. By facilitating responsible recycling and enabling the circular use of metal resources, we help reduce environmental impact while supporting industries with reliable, high-grade secondary raw materials.

Mission & Vision.

MISSION

- To provide reliable and compliant metal scrap solutions that meet international quality standards.
- To strengthen global recycling ecosystems through efficient sourcing, logistics and documentation.
- To maintain transparent and long-term partnerships with suppliers and buyers worldwide.
- To create value at every stage of the supply chain through market knowledge, operational excellence and responsible business practices.
- To support the circular economy by enabling industries to reduce waste and optimize resource use.

VISION

- To be recognized globally as a trusted and responsible leader in metal scrap trading and recycling.
- To build a sustainable supply chain that supports industries with consistent, high-quality secondary raw materials.
- To contribute to environmental conservation by promoting efficient, ethical and circular recycling practices.
- To expand our global presence while maintaining integrity, transparency and long-term value creation.

Our Philosophy.

At **Vashudevan Met Global LLP**, our philosophy is rooted in integrity, responsibility and long-term value creation. We believe that success in global metal recycling comes from transparent relationships, consistent quality and a commitment to doing what is right for our partners and the environment. Every decision we make is guided by a focus on sustainability, operational excellence and ethical business conduct. We aim to create meaningful impact by enabling the efficient reuse of resources while supporting industries with dependable, high-grade material. Our philosophy is simple: build trust, deliver value and contribute to a more sustainable world.

Our approach is backed by practical trade experience, ensuring every transaction is handled with professionalism, compliance, and accountability.

WHAT WE DO

Vashudevan Met Global LLP specializes in the global sourcing and supply of high-quality ferrous and non-ferrous metal scrap. Our operations combine market expertise, strong supplier relationships and a seamless international logistics network. We manage the entire process from material inspection and documentation to shipment coordination and financing support, ensuring that every transaction is efficient, compliant and reliable. By connecting trusted suppliers with established buyers across the world, we help industries secure consistent access to sustainable metal resources.

WHY CHOOSE US

Clients choose **Vashudevan Met Global LLP** for our consistent commitment to quality, integrity and operational excellence. We maintain a dependable supply chain for ferrous and non-ferrous scrap through verified partners and strict quality control practices. Our team provides transparent communication, accurate market insights and end-to-end support, ensuring a smooth and secure trading experience. Our long-term approach, global reach and reliable execution make us a trusted partner in international metal recycling.

We are a GST compliant and registered entity, IEC registered for international trade, and experienced in handling LC-based global transactions.

OUR GLOBAL PRESENCE

Vashudevan Met Global LLP serves clients across multiple continents, supported by a strong and expanding network of international partners. Our operations connect suppliers and buyers from diverse global markets, enabling the seamless movement of **ferrous and non-ferrous scrap** worldwide. With a consistently growing reach and a commitment to reliable service, we ensure that industries across the world have access to dependable, high-quality recycled metal resources.

SUSTAINABILITY COMMITMENT

Vashudevan Met Global LLP is committed to advancing sustainable recycling practices across the metal industry. By enabling the reuse of ferrous and non-ferrous materials, we help reduce dependence on primary extraction, conserve natural resources and lower environmental impact. Our focus on responsible sourcing, efficient logistics and transparent operations supports the broader circular economy and contributes to a cleaner, more resource-efficient future.
