About Us.

Introduction

Vashudevan MetGlobal LLP is a globally connected recyclable-metal supply-chain partner headquartered in Surat, Gujarat, India. We support the sourcing, quality coordination, documentation, and shipment movement of ferrous and non-ferrous scrap across international markets.

Our network includes verified yards, suppliers, processors, recyclers, buyers, and logistics partners. This enables us to coordinate material procurement, quality inspection, documentation, international shipping, trade finance support, and risk management with discipline and transparency.

We believe in long-term relationships built on trust, integrity, and accountability. Our approach is focused on understanding supplier and buyer requirements, maintaining clear communication, and adding value at every stage of the recyclable-metal supply chain.

Metal recycling is not only a business opportunity, but also a contribution to a more sustainable industrial future. By enabling the circular use of metal resources, we help reduce environmental impact while supporting industries with dependable secondary raw materials.

COMPANY SNAPSHOT

Established: 2019

Location: Surat, Gujarat, India

GSTIN: 24AARFV7153Q1Z7

IEC Registered Importer & Exporter

Website: www.vashudevan.com

Focus: Ferrous & Non-Ferrous
Recyclable Metals

Mission & Vision.

MISSION

- To support global industries with reliable, recyclable ferrous and non-ferrous metal supply solutions.
- To strengthen circular metal supply chains through responsible sourcing, disciplined documentation, and coordinated shipments.
- To maintain transparent, long-term relationships with suppliers, buyers, recyclers, and logistics partners worldwide.
- To create value through market knowledge, quality coordination, operational reliability, and responsible business practices.
- To support the circular economy by enabling efficient reuse of metal resources.

VISION

- To be recognised as a trusted global partner in recyclable-metal supply-chain solutions.
- To support industries with consistent access to quality secondary raw materials.
- To contribute to environmental conservation through responsible sourcing and circular recycling practices.
- To expand our global network while maintaining integrity, transparency, and long-term value creation.

Our Philosophy.

At **Vashudevan MetGlobal LLP**, our philosophy is rooted in integrity, responsibility, and long-term value creation. We believe that success in recyclable-metal supply chains comes from transparent relationships, consistent quality coordination, and a commitment to doing what is right for our partners and the environment.

Every decision we make is guided by sustainability, operational discipline, and ethical business conduct. Our aim is simple: build trust, deliver value, and support the circular use of metal resources across global industries.

Our approach is backed by practical market experience, documentation discipline, and accountable communication across every stage of the transaction.

WHAT WE DO

Vashudevan MetGlobal LLP supports the global sourcing and supply of high-quality ferrous and non-ferrous recyclable metals. Our operations combine market expertise, supplier relationships, quality coordination, documentation support, and international shipment coordination.

We assist across the transaction lifecycle, including material review, inspection coordination, commercial documentation, shipment planning, LC-based transaction support, and ongoing communication between suppliers and buyers. By connecting reliable supply with established industrial demand, we help industries secure access to sustainable metal resources.

WHY CHOOSE US

Clients choose **Vashudevan MetGlobal LLP** for our commitment to quality, integrity, transparency, and reliable execution. We support a dependable supply chain for ferrous and non-ferrous recyclable metals through verified partners, quality coordination, market insight, documentation support, and shipment coordination.

Our long-term approach, global network, and disciplined communication help create a smooth and secure experience for suppliers and buyers across international recyclable-metal markets. As a GST-compliant entity and IEC-registered importer/exporter, supported by recognised memberships and verified business registrations, we bring credibility and professionalism to every transaction.

OUR KEY PRODUCTS

COPPER

ALUMINUM

AUTO SCRAP

BRASS

COPPER BEARING

FERROUS

LEAD

STAINLESS STEEL

ZINC

Material supply, specifications, inspection, and documentation are confirmed as per final commercial terms.
Third-party inspection such as SGS/BV can be arranged where applicable.

OUR GLOBAL PRESENCE

Vashudevan MetGlobal LLP is connected with international recyclable-metal markets through a growing network of suppliers, buyers, recyclers, processors, and logistics partners. Our network supports the movement of ferrous and non-ferrous scrap across key global regions through structured sourcing, documentation, and shipment coordination.

We do not measure global presence only by geography, but by reliability, transparency, and the ability to coordinate material movement across markets with discipline.

SUSTAINABILITY COMMITMENT

Vashudevan MetGlobal LLP supports circular metal supply chains by enabling the responsible movement and reuse of ferrous and non-ferrous recyclable materials. By helping industries access secondary raw materials, we contribute to reduced dependence on primary extraction, better resource efficiency, and lower environmental impact.

Our focus on responsible sourcing, efficient logistics, transparent documentation, and long-term business relationships supports a cleaner and more resource-efficient industrial future.
